Land

Bus

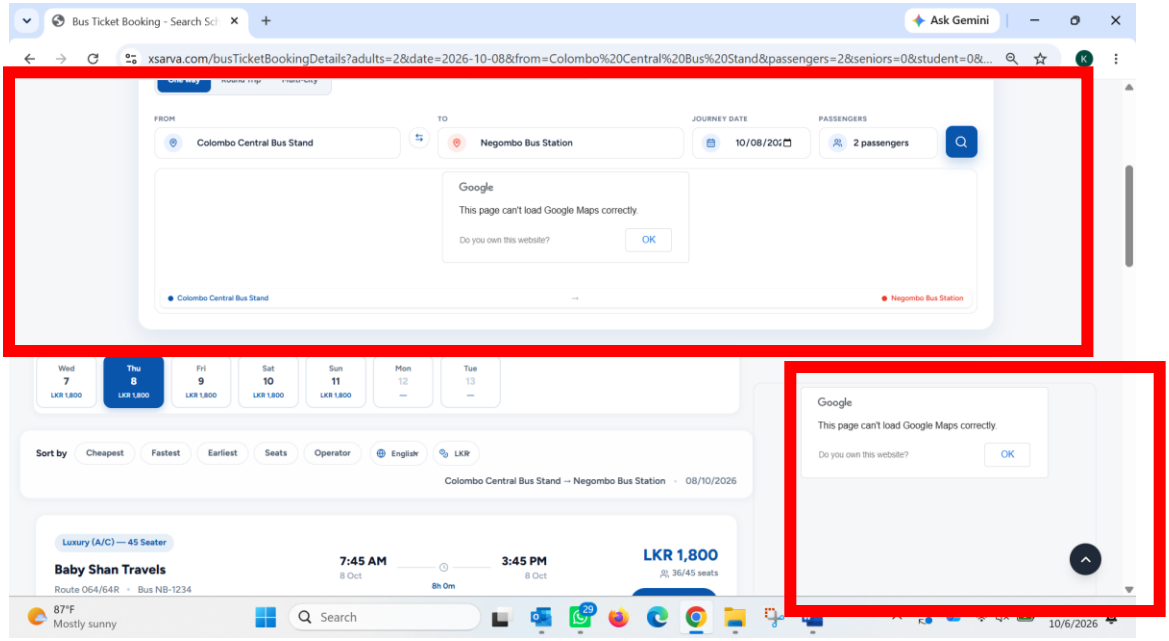

Add bus & train switch and compare to land category.

- modify the passenger addition process as shown in the second image below.

- Remove the map at the top and move the map from the side to the top position.

Additional Comments

- NIC number should be added to passenger details, the same should be added to for all land, air and sea mods.
- Fetch customer details to profile including NIC.

Train

- Add passenger class
- modify the passenger addition process as shown in the second image below.
